

# ABELDent<sup>Inc.</sup>

## Canada's Leading Dental Software Provider

*"When I was looking for software, my goal was to find a company with lots of experience. We considered many different programs... with ABELDent I'm finding it's a great experience. It's definitely a very collaborative relationship."*

**- Dr. Kate Bazydlo**

*"I love ABELDent... it is easy to teach and train and they have a great support system. It takes 10 seconds every morning to send out emails via ABELDent Portal. As patients reply, their appointments are automatically confirmed on the scheduler – that's one less step for us."*

**- Mary, Office Manager, Foxcreek Dental**

*"As one of ABEL's first customers, I'm always impressed that it continues to develop new tools and features that help me grow and manage my practice. ABEL provides a wide variety of software-enhancing services to help us get the greatest benefit from our investment."*

**- Dr. Yvonne Surya**

## Top Ten Reasons For Choosing ABELDent:

**1. Reach full business potential:** ABELDent's Practice Management By Objectives™ methodology focuses on 6 key objectives that consistently drive measurable improvement.

**2. Enjoy peace of mind:** a financially stable and committed Canadian company with a 39-year history of specializing in healthcare software development.

**3. Experience exceptional service:** personalized post-sales assistance and prompt and professional technical support 24/7/365.

**4. Get a quick start:** assurance of data conversion continuity, integration with most third-party imaging software at no additional charge and customized training for a smooth and efficient transition to your new software.

**5. Realize immediate workflow benefits and administrative improvements:** intuitive, easy-to-learn and easy-to-use features and the capability to adapt to your routine.

**6. Optimize productivity:** advanced features for automated tracking and management of unscheduled and recommended treatment support your ongoing revenue stream.

**7. Maximize effectiveness through ongoing learning:** customized training, webinars, educational videos, and many other MyABEL tools for your entire team.

**8. Achieve peak patient communication:** fully integrated Portal for practice/patient interaction that goes far beyond email and text reminders.

**9. Go fully paperless at any time without the need to purchase additional software modules:** attain savings and ensure data synergy with integrated patient records.

**10. Maximize system security and reliability:** user-defined software access permissions and modified transactions tracking, regulatory body record-keeping compliance, database stability with Microsoft SQL Server, and secure data backup services.

## ABELDent's Proven Track Record

As Your Strategic Partner for Practice Success™, ABELDent believes that a quality long-term relationship with you is just as important as the quality of the software we provide. ABELDent Inc. has a multi-decade history of working with thousands of dental professionals and is the undisputed dental software leader in Canada.

**We achieved # 1 status by providing a synergistic mix of software and services to help dental offices reach higher levels of success.**

## ABELDent's Superior Software Design

Those who use ABELDent software and others who see it often comment on the intuitive interface and report that it provides a better user experience. They are impressed by workflow-based design and are pleased that the information they require can often be accessed from a single screen. They are also excited with ABELDent Advantage's use of the latest mobile technology to collect information such as patient health history.

ABELDent's advanced security, data protection and data integrity measures effectively address one of the major concerns of dental practices today. ABELDent also supports progressive practice analytics with its comprehensive database that stores data in a format for easy retrieval and reporting.

## ABELDent's Unparalleled Support

ABELDent has the largest support resources in the industry and delivers comprehensive, cost-effective services certified to software industry quality standards. ABELDent's training program ensures a smooth and successful implementation. It is customized to fit each customer's needs: on-site, classroom, webinars and video tutorials. Our software maintenance plan provides telephone support and regular updates so that you receive maximum ROI over the life of your practice.

We never close, even for holidays, so you can reach us at any time for support and sales inquiries. ABELDent users also have 24/7 access to the MyABEL portal for downloads, tutorials, support articles, and many other valuable resources.
